

DETROIT MARIMBA

Tradition in Resonance

Event planner brief

Distinctive instrumental music for weddings, receptions, and celebrations in Metro Detroit and Southeast Michigan.

The ensemble

Lexi Eubanks (flute), Spencer Perilloux and Cooper Johnson (two marimbists on one marimba). Solo marimba and duo inquiries are welcome; repertoire and preparation are confirmed for each format.

Music and listening material

Spencer custom arranges every selection. Eleven Guatemalan pieces developed with Estudio Marimba and four contemporary songs are complete for the trio. The six current samples are digital Guatemalan arrangement mockups, not live performances. Wedding-specific recordings are not yet available.

Event moments to discuss

Wedding prelude and entrances, cocktail hour, dinner, client and donor receptions, galas, art openings, and meaningful family moments. Discuss the role of the music and pauses for remarks with Spencer.

Venue review

Stable, level performance area; safe load-in; doors, stairs, elevators, and any room changes. Confirm dimensions, setup, soundcheck, breaks, amplification, and power. Outdoor plans require cover and weather protection. Include any venue documentation requirements.

Inquiry and confirmation

Share your role, event type, date or date window, city, venue, music moments, requests, and working budget if known. Spencer will discuss availability, logistics, and a tailored quote. An inquiry does not reserve a date; booking terms and the program are agreed before confirmation.
